In the event of damage to your tyre(s) you will be entitled a credit for the Unused Tread Value (as explained below) for the purchase of replacement Tyre(s) at a Participating Dealer. No Cash options are ever available.

### How do we calculate the amount of Cover?

The value per Tyre for Your claim is calculated as follows:	
<b>Within 30 days or 2,000kms from Your Policy Start Date:</b>	
You will receive a credit up to the Maximum Policy Limit, regardless of the remaining tread.	
<b>30 days and Beyond or 2,000kms from Your Policy Start Date:</b>	
<b>Unused Tread Value</b>	Is equal to the Unused Tread Depth expressed as a percentage of the original tread depth
<b>Your Claim Amount</b>	Unused Tread Value multiplied by the original purchase price (after discounts) of the warranted item as recorded on Your original sales invoice.
<b>Unused Tread Depth</b>	<b>Your Contribution %</b>
UTD > =80%	0%
80% > UTD > = 60%	25%
60% > UTD > = 40%	50%
40% > UTD	100%

The monetary value as determined using the above formula shall constitute the credit value which You will be entitled to use towards the replacement of the same or similar new Tyre from a Participating Dealer, up to the Maximum Policy Limit.

### Inspection Conditions

At the time of the reading the Tyre pressure must be as specified by the Vehicle manufacturer. The tread depth will be measured at the centre of the tread with the recorded reading be the mean of a minimum of three readings.

### Limitation of Benefits
